Ailsa Munns

Curtin University · Curtin School of Nursing

PhD, RN, RM, CHN, MNurs

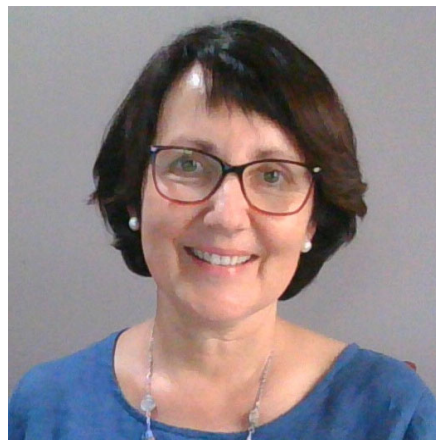

Dr. Ailsa Munns currently works as a Senior Lecturer at the School of Nursing at Curtin University and Senior Researcher in the Nursing Research Department at Perth Children's Hospital. Ailsa's research interests and specialisations include Community Health, Primary Health Care, Child and Adolescent Health, Aboriginal Family Support, and Peer-led Parenting Support for Aboriginal and non-Aboriginal Families. Ailsa is also the co-author for the textbook Community Health and Wellness: Principles of Primary Health Care 6th Edition, with the 7th Edition due to be released in November 2022.

Mary Tallon

HeartKids Limited

PhD, RN, RM, MScN

Dr Mary Tallon is a registered nurse/midwife, researcher, and advocate for children, young people and families living with life long health conditions, in particular childhood-onset heart disease. Motivated by clinical practice, Mary's research interests are focused on the impact of social determinants of health on child health outcomes, improving psychosocial care for children and their families in the paediatric setting, and peer-led support community based programs for mothers. With over 10 years as a teaching/research academic at the School of Nursing, Curtin University, Mary currently works at HeartKids Ltd, as the Project Coordinator for the first National Standards of Care for Childhood-onset Heart Disease and holds an Adjunct Research Fellow at the School of Nursing, Curtin University.
